Paperless Practice Management and
Electronic Medical Records Software

Secure, Efficient, Reliable Payment Processing through **X-CHARGE**

Integrated credit card processing solutions for your practice

We are proud to announce our new partnership with MaximEyes that provides your practice with a fast and reliable integrated credit card processing solution. The X-Charge integration features a secure credit card entry form, hosted on our PCI-compliant gateway. We strive to help you protect your business by keeping your program up to date and PCI-compliant.

The X-Charge integration is free, regardless of how many users you may have. And our hosting arrangement ensures your version of X-Charge is always current.

We specialize in providing you with a cost competitive rate comparison specifically tailored to your processing profile requirements. Call us today!
